

ROAD ALERTS
Seasonal Road Closures and minor tracks
 Some forest roads and tracks are seasonally closed with gates to protect road surfaces, the environment and for public safety purposes. All seasonal road closures are published on the Parks Victoria Website at www.parkweb.vic.gov.au

Many minor unsealed roads and vehicle tracks are not suitable for traffic all year, they are constructed to a low standard primarily for management purposes and are generally only suitable for 4WD vehicles during dry conditions. Not all roads and tracks are shown on this map.

Mount Cole State Forest		Recreational Facilities	
Sealed road	Mt. Cole State Forest	Camping	Firetower
Major unsealed road	Mt Buangor State Park	Facilities for people with disabilities	Information
Minor unsealed road	Other public land	Family walk	Picnic table
